1953 CATALOGUE SUPPLEMENT

FOREWORD: We greet our many gardening friends this year with this supplement to be inserted in our 1952 Catalogue. All of the notes in the Foreword of that catalogue apply to this supplement. We earnestly suggest that you keep that catalogue for reference inasmuch as we will not publish a new one each year, only a supplement.

The following additions, prices changes and deletions are now in effect. Please note that * indicates that we are out of that particular item.
